Matt Miklos To Head Up Schneller Transportation Business

Kent, Ohio, USA – Schneller, Inc., has promoted Matthew J. Miklos to Vice President, Transportation Markets, to head up all of the company’s business relationships in Europe, North America and the rapidly emerging markets in Asia, Africa, the Middle East and Eastern Europe.

In his new role, Miklos will be responsible for sales and market share growth in all target areas while also launching new strategies to expand Schneller’s leadership position in European and North American core markets.

Miklos will be driving growth with a wide array of innovative new products, advanced technologies, a complete service package from design to product development, delivery and installation – to ongoing consultation.

Schneller is a prime resource for both aviation and rail transportation industries, providing customized interior décor solutions with a full spectrum of engineered laminates and non-textile flooring products. Product development involves custom design, color matching, materials selection, and continuous roll and sheet production in the company’s ISO 9001-certified facilities.

“Matt Miklos is our ambassador of solutions, with the vision, market experience and customer sensitivity it takes to bring leadership products and service support to demanding and rapidly growing markets,” said Richard C. Organ, president and chief executive officer.

Miklos joined Schneller in 2003 as director of market planning and development, was promoted to General Manager, Transportation Products Group in 2004. Previously, he was a global business leader with LNP Engineering Plastics (a GE Plastics Company). He holds a BA in business administration from Baldwin-Wallace College in Berea, Ohio.

Schneller is headquartered in Kent, Ohio, USA with major facilities in Pinellas Park, Florida; Paris, France; and a brand new full-service global sales and support center in Singapore. For more information, please visit: www.schneller.com
